C) change money D) change his clothes
- Jamie is talking with ....**  
A) his dad B) Mrs. Sanchez  
C) Mr. Jones D) French master

### Read the text and choose the correct answers

As a food label is often nothing more than an advert to tempt you to buy the product, you should pay particular attention to the choice of words used. Always watch out for the word *flavour*, as this may mean that the product

contains synthetic ingredients. Many manufacturers also use a range of meaningless descriptions. Feel-good words like *wholesome, farmhouse, original* and *traditional* do not mean anything. Other words, such as *farm fresh* and *country fresh*, also intentionally blur the true nature of a product's source. Words that you can trust are *organic, whole meal, natural mineral water, Fair Trade, free-range* and the *V*, vegetarian symbol. Consumer pressure over GM foods has led to better labeling but loopholes still exist. GM product derivatives, such as starches, sugars, fats and oils where no genetically modified protein or DNA material still remains, go unlabeled in many products such as cereal bars, fish fingers, jellies and vegetable burgers.

- The aim of the food label is to ....**  
A) tease customers  
B) amuse people  
C) be read  
D) make customers buy the product
- You should ... the word *flavour*.**  
A) mind B) ignore C) read D) look through
- Synthetic ingredients* means ....**  
A) useful B) genuine C) natural D) artificial
- Manufacturers use many words in an advert which are ....**  
A) useful B) useless C) necessary D) important
- The word *to blur* means ....**  
A) to misinform B) to tell the truth  
C) to tell a lie D) to obscure
- Manufacturers began to label their products better due to the efforts of ....**  
A) shop assistants B) farmers  
C) customers D) workers
- Loopholes still exist* means ....**  
A) getting round laws B) finding laws  
C) improving laws D) adopting laws
- Customers ... if there are starches, fats and oils in many products.**  
A) know B) believe C) don't know D) understand

19. When customers buy jellies they are ... that the latter contain GM derivatives.

- A) pleased B) sure C) uncertain D) suspect

20. According to the text, before buying something customers should ....
